Directory

The basic listing fee for an advert in your region is just £10.00. This listing includes your general contact details and will be displayed in the Directory for a full year.

Should your business service other regions in the UK you can duplicate your advert into an extra region for a further £5.00 per region.

If you would like to upgrade your advert/s then there are some minor charges to do so:

Website Address 50p
A full description of your company 50p
Image of your choice 50p

If you wish to upgrade to become a featured advertiser, you can do so for either a 6 month featured listing or the full 12 months. Being a featured advertiser will ensure that your lising is highlighted and at the top of your category amongst other featured users. It will also appear on our home page randomly with other featured advertisers. This is the best way to make the most out of advertising your company on the internet. The price for upgrading for 6 months is £50 and the discounted price for a 12 month upgrade is £75.00

You will receive an email from us when your advert is due for renewal.
